The Organizer cordially invites abstracts and full length research/review papers from all over the world to participate in the **International Conference on “Interdisciplinary Studies in Education, Research and Technology” 2024 (ISERT - 2024)**. Topics of interest for submission include various subtheme, but are not limited to the conference aims. The aim of the ISERT-2024 conference is to provide a forum for laying the foundations of a new principled approach to Interdisciplinary research in Education, Technology, Engineering and Sciences,

Humanities and Social Sciences, Business Administration. To this end, the meeting aims to attract participants with different backgrounds, to foster cross-pollination between different research fields, and to expose and discuss innovative theories, frameworks, methodologies, tools, and applications for sustainable development. All contribution should be of high quality, original and not published elsewhere or submitted for publication. During the review period, papers will be reviewed by eminent scholars in the respective areas. The selected papers will be published in **Advances in Science and Technology (Scopus) and Engineering Headway Journals** after peer review by conference review and editorial committee and internal check by journal’s publisher. The decision of journal would be considered final. All presented/submitted papers will be published in conference proceeding journal, **International Journal of Scientific Research in Science and Technology (IJSRST)**, UGC Approved Journal.
